The photographs, images and information supplied on the properties for sale in Spain are purely offering a basic guideline and are not legally binding in anyway. We try and get as accurate information as possible, however, this information is supplied by the vendor / seller and full documentation is often slow coming until a provisional sale is agreed. Therefore interested purchasers should always get their own lawyer to check information supplied before entering into a sale or committing a deposit. We can recommend independent professional law firms (that speak your language) to handle all your conveyancing needs. We also have a panel of independent financial advisers and bank managers to assist with Spanish mortgages.
